

Private Event Rental Rates & Policies

Our newly restored barn provides thoughtfully designed indoor and outdoor spaces to host gatherings of all kinds. Host your event in a peaceful, rural setting just minutes outside of Fitchburg, Wisconsin.

Four Winds Farm Fitchburg is a working farm which has been in operation since 2016. Renovations on the 1930's dairy barn (which underwent a 1½ year restoration/preservation process) were completed in August of 2020 and is now a beautiful 8,900 sq. ft venue space located on 83 acres of picturesque farmland. Accessibility accommodations include a passenger elevator, wheelchair accessible bathrooms on the 1st and 2nd floors, and low thresholds to our outdoor space.

The Loft

The Loft is our largest event space, hosting up to 175 seated guests on the entire second level of the barn and is completely restored to host large gatherings, meetings, or events. It includes two wheelchair accessible restrooms and a passenger elevator.

The Library

The Library is a cozy, first floor gathering space perfect for a group of 40 or less. This space has long worktables ideal for small meetings and social gatherings.

The Nook

The Nook seats 24 guests and has a state-of-the-art demonstration kitchen, dining area, attached outdoor patio, and fireplace. This space is ideal for any class or workshop focused on food or for intimate meetings/gatherings with spectacular views.

Surrounding the barn is an expansive outdoor Patio area and green space. Between May-October it is populated with patio furniture for 60 guests, shade umbrellas, areas for lawn games, and a fire pit with outdoor seating. In addition, chickens and sheep call our farm home. (For the safety of guests and animals, we ask that all habitats be viewed from a safe distance and that guests refrain from petting/picking up animals.) Our parking lot contains 55 paved spots with 3 wheelchair accessible stalls near the main entrance and the ability to set up overflow parking if necessary.
